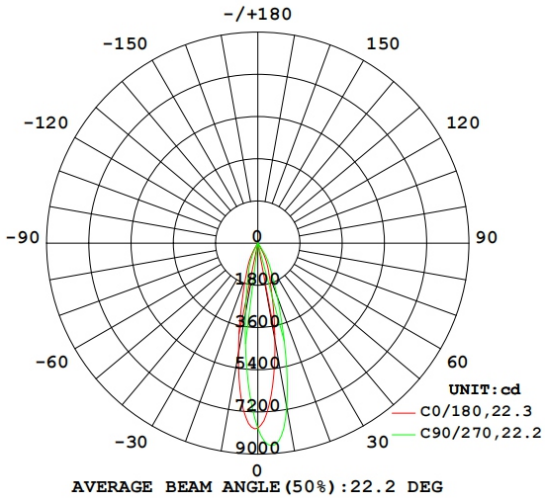
Light Distribution Curve

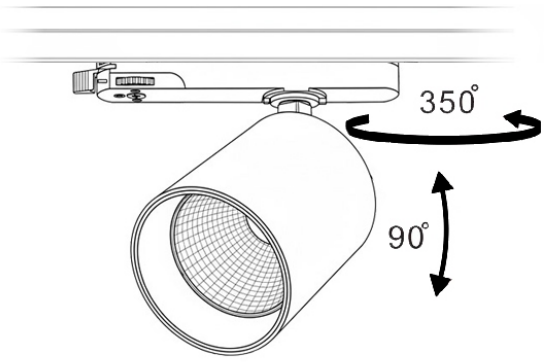


LC-650 Led Track Light

For retail, exhibition, and commercial display spaces in need of bright, accurate, and reliable lighting, the LC-650 series track light is an excellent pick.

It features core strengths of high luminous efficacy (up to 145lm/W) and excellent color rendering (>Ra90) for vivid illumination. With a maximum power of 32W, output up to 4500lm, and a 5-year warranty, it stands out as a reliable option.

Tilting Angle



Model No.	Power	Size (mm)	Track	CRI	Lumen	Angle
LC-6500A-15W	15W	Ø71*85mm	3 Phase	⩾90	2050lm	24° / 36°
LC-6501A-25W	25W	Ø82*100mm	3 Phase	⩾90	3550lm	24° / 36°
LC-6502A-32W	32W	Ø100*105mm	3 Phase	⩾90	4500lm	24° / 36°

***Note: Lumen output are based on white finishing and 4000k, warm cct, black finishing or narrow beam angle, the lumen output will be decreased by 5~10%;
