

Linkable Led Linear Light

Low-Carbon LED Linear Light is ideal for shopping malls, convenience stores, boutiques and other commercial spaces needing efficient, flexible lighting.

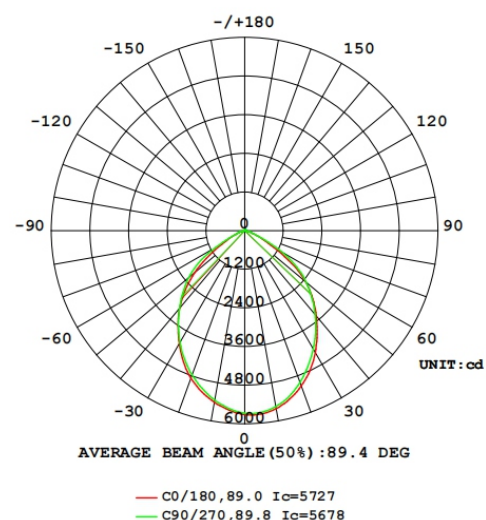

Luminous efficacy reaches up to 170lm/W. Flexible installation: Linkable design supports up to 10pcs/Run, fitting various space sizes. Its adaptive lighting also meets diverse retail needs, making it practical and versatile.

Model num	LC-LL1614
Power consumption	20W~40W (By DIP Switch)
Input voltage	220V~240V AC 50~60Hz
Dimension	L1685×W46×H50mm
Installation	Suspended/Surface Mounted
Luminous flux	Max 6600lm
CRI	Ra82
LEDs	SMD2835
Beam Angle	60deg/90deg
Finishing	Black/White
Power Factor	>0.9
Warranty	5 Years
